“ABOUT US”

Our organization has been working since in Renewable energy and Environment. It has been founded by a group of experienced & young entrepreneurs with engineering background, determined at making Solar Energy a main stay in the Indian energy market.

We also do OPEX/BOOT (Build own, operate and transfer) model based projects. We have implemented a no. of projects in Uttar Pradesh, Delhi-NCR, Rajasthan, Madhya Pradesh, Bihar and striving for expansion in PAN India.

We at KSG Energy have a mission to convert each an every rooftop into a power house we are MSME registered company.
